Dear Fellow Citizens,

Recently I was quoted as saying the high school district dropped its auto program. After making the statement, I found out the program still exists because our community has supported the budget overrides for both our school districts.

The funding that we provide both districts allows them to attract highly qualified staff and offer various opportunities to help students discover their sparks. Research says that for students to thrive, they must know their spark, have an adult relationship to cultivate it, and have a voice. Only about seven percent of US citizens reported having all three present in their lives before COVID, and one in three reported having none of the three present.

We are seeing the results of this dismissal research with our community' s severe shortage of skilled workers. Reducing critical funding is not the solution to our labor woes. The key is to support our educational community as they adjust to meet the workforce development needs with new schools like the elementary' s COIL and the high school' s PACE innovation schools.

Please join me in voting for both districts by voting " YES" on the budget enhancement election.
