Submit your 200-word argument in the box below.

As an educator in Arizona for 40 years and a county school superintendent I understand that school districts must override their approved budgets in order to provide the education they need for their students. These budget overrides do not add to the taxes the citizens are paying for the schools. It is a difficult for school boards to make these decisions, but sometimes those decisions are necessary.

I ask that you as voters learn about this requested budget override and then please vote in favor this November.
