As a retired Apache Junction High School Teacher with over 30 years of experience, I enthusiastically endorse the bond initiative aimed at enhancing our school district's facilities and safety. Throughout my career, I saw firsthand the impact of outdated infrastructure on our students' learning environment. This bond is a crucial investment in our community's future, providing essential funding for updated classrooms and improved safety measures. Not only will this bond address critical repairs, preventative maintenance, and the modernization of aging school buildings but will provide a conducive learning atmosphere and support effective teaching.

Additionally, replacing the bleacher system and press box at Apache Junction High School's football field will enhance safety and comfort for athletes, students, families, and the broader community. Constructing a state-of-the-art Athletic Field House will further bolster our sports programs, promoting physical fitness, teamwork among student-athletes and a source of pride for the community.

By supporting this bond initiative, we are investing in the physical infrastructure necessary for our educators and students to excel academically and personally. It's time to prioritize these upgrades to ensure our schools reflect our commitment to excellence and provide the resources our community needs for future success.
