Submit your 200-word argument in the box below.

I am pleased to support the upcoming Bond initiative Prop 488. The city of Maricopa has experienced rapid growth in the past 5 years. The city is projected to reach a population of over 80,000 in the next few years. There is a need to build new facilities and expand our present classroom space.

The bond will fund the construction of two new K-8 schools, and enhance our high school Career Tech program. The bond is essential to cover the cost short fall created by insufficient state funding. The bond will not create a tax increase for Maricopa homeowners.

Investing in school facilities that will provide support for school staff in delivering quality educational programs is vital to the continued economic growth of our city.

Please join me in supporting Prop 488 to ensure the continued growth and success of our school programs and facilities. This will ensure that every child in our schools will continue to receive a top rate education which will prepare them for the future.
