Key components of a successful city are providing quality of life and quality of place. Setting and sustaining that standard starts with quality education. An educated workforce is one of the top 3 considerations developers and businesses review about a city before locating there.

Maricopa Unified School District #20 (MUSD) has worked diligently to improve the quality of education in Maricopa. The results are increased enrollment and graduation rates, improved test scores, higher performance ratings, continued trade and technical instruction, online options, and academic advancements.

Now it's time for Maricopa voters to do our part. Local control to approve funding is the solution, and the first step is approving Prop 488. With approval, the bond will provide the necessary funding to build new and improve existing facilities. As one of the fastest growing cities in the country (again), we need to keep up with growth and be pro-active.

A thriving community is one where people can live, work, play and learn. By voting YES on Prop 488, we help ensure a community poised for a prosperous future.
