Education is the foundation of a prosperous and successful society. Not only does education equip our youth with the knowledge and skills to succeed in life but also enables them to contribute to their community in meaningful ways. The success of our community, the City of Maricopa rests in large measure with the success of our youth.

Empowering youth through education requires a multi-sectoral approach. This includes investing in infrastructure, providing adequate funding, and developing policies that prioritize education. I support the passage of MUSD Bond Proposition 488 and encourage your support for our youth and the future of our city.
