

EXHIBIT D

BOARD'S "FOR" ARGUMENT

The Superior Unified School District #15 has proudly served its students by providing a sustainable curriculum as well as supportive academic and extra-curricular programs. The community has also been very supportive in its continued approval of the override. This has allowed the District to continue to maintain its academic and extracurricular programs despite a declining student population and a decline in federal funding. In addition, the override funding will allow the District to continue providing a full-day kindergarten program as well as a tuition free preschool program. The District has taken significant measures to maintain a balanced budget through challenging economic times. Classroom instruction has been and will continue to be the District's priority. Without this continuation of the override, it is likely that cuts in programs and staff will be necessary. We owe our students an excellent education.

A Yes vote for the continuation of budget override will allow the District to maintain current programs and optimal class sizes.

This does not represent a "new" tax to the District taxpayers.

Thank you for your continued support.
